

July 10, 2014 will be exactly seventyone years after the Allied landing in Sicily in 1943.

On this occasion, our Association will organize tours to the places of soldiers with all inclusive (transport - hotel - restaurants - excursions). None of us can better guide you through Sicily. Our specialized guides will guide you, if you arrive by plane you will find a transfer that will pick up at the airport of Catania.

Until your departure, we will be with you at your disposal for all your needs. Trust us.

Rely on those who have experience in this field. If you want to know a place, you must be guided by those who live there and speak your language!!

Get a custom package for groups and families. The Association plans to organize a series of commemorative events: exhibitions of relics , conferences, meetings between veterans of different nations participating in the War.

We also have brand new **fully furnished** studio in downtown Syracuse.

A Flower for....

your best Army Pal
your relatives
a unknown Soldier

We all remember our loved dearly departed with flowers. It is not always easy because of the distance o
We can do this for you !
